

Launching Leadership

Begin teaching leadership principles to students by learning about the *Leader in Me* origins, framework, and process.

Outcomes

At the end of the workshop, participants will be able to:

- Internalize the *Leader in Me* paradigm of leadership.
- Explain the importance of modeling the 7 Habits®.
- Learn ways to teach leadership in direct lessons.
- Integrate the 7 Habits into existing curriculum.
- Launch the Lighthouse Team.

Everyone Can Be a Leader

Successful implementation of *Leader in Me* requires a profound Paradigm Shift regarding leadership in the school—that is, that everyone is a leader. During the *Leader in Me* implementation process, the entire school staff participates in the two-day *7 Habits of Highly Effective People*®: *Signature Edition 4.0* training, where they learn the effective paradigms, practices, and skills that support leadership—from the inside out. Immediately following the training, they attend the one-day *Launching Leadership* workshop, where they learn how to bring leadership principles to the students, thus beginning the *Leader in Me* implementation process.

Become Facilitators of Greatness

During the workshop, participants will be introduced to the origin of *Leader in Me* and its effective leadership paradigms. They will also be introduced to the *Leader in Me* best practice of focusing on leadership first, as well as the evidence that a leadership focus has a positive influence on school culture and academics. All adults in the school are encouraged—regardless of their role—to see themselves as “facilitators of greatness” in themselves, each other, and students.

Participants will learn about three methods to teach students leadership principles: direct instruction, integrated approaches, and modeling. The full-staff portion of the workshop closes with an inspirational school-vision activity that results in vision posters that can be displayed in common staff areas to remind them why they are implementing *Leader in Me* in their school.

Launching Leadership includes a 45-minute Lighthouse Team Quickstart, where Lighthouse Team members are introduced to the role and purpose of the team, sign up for team roles, and participate in an active planning session to begin implementation over the following seven weeks (typically before the first day of the school year).

One-Day Agenda | All Staff Invited (Lighthouse Team Quickstart)

Note: Please consider additional time for lunch and breaks.

TIME	TOPIC
8:15 a.m.–9:15 a.m.	Welcome to <i>Leader in Me</i> : The Origins, Universal Challenges, <i>Leader in Me</i> Process, Beginning With the End in Mind
