

Impact Journey Overview

Academics 1:

Closing our School's Proficiency Gap

Get the mindset, knowledge, skills, and tools you need to close the proficiency gap at the school level.

This workshop helps educators to narrow their school improvement plan to what is wildly important.

END IN MIND

During this Impact Journey, participants will develop the mindset, knowledge, skills, and tools needed to close their proficiency gap at the school level. Our Academic Action Team will be prepared to:

- Hold a growth mindset while working with data.
- Apply the 4 Disciplines of Execution® goal-achieving system to our proficiency gap.
- Determine the systems and structures we need to install 4DX with fidelity.
- Create a robust “roll out” action plan.

Academics 1: Closing Our School's Proficiency Gap

Recommended Prerequisites: Completion of *Leader in Me* Core workshops 1, 2, and 3, and implementation of a schoolwide goal with supporting team goals.

LEARNING TARGETS

- We can express confidence that we can work with data in a positive and nonjudgmental way.
- We can use summative school proficiency data to identify a schoolwide proficiency WIG.
- We can choose the right lead measures to apply the *4 Disciplines of Execution* to our schoolwide proficiency WIG with fidelity.
- We can create a “roll out”: plan to implement 4DX with fidelity to close our school proficiency gap.
