

Impact Journey Overview

Academics 2:

Achieving Team Proficiency Goals

Apply team-level data analysis and determine the systems and structures needed to install *The 4 Disciplines of Execution*® to close team proficiency gaps.

As a result of this day, teams will have a predictive and influenceable system to close their proficiency gap.

END IN MIND

During this Impact Journey, participants will develop the mindset, knowledge, skills, and tools needed to close their proficiency gap at the team level. The Academic Action Team will be prepared to:

- Embrace trust while working with data.
- Review team-level data analysis.
- Determine the systems and structures to install *The 4 Disciplines of Execution*® to close team proficiency gaps.
- Create a robust “roll out” action plan.

Academics 2: Achieving Team Proficiency Goals

Recommended Prerequisites: Completion of *Leader in Me* Core workshops 1, 2, and 3, and implementation of a schoolwide goal with supporting team goals.
